

Characteristics

Application

It is suitable for installing ships on international voyages

Product standard

It meets the requirements of "Technical Regulations for the Statutory Surveys of Sea-going Ships Engaged on International Voyages (2004) of P. R. C. and SOLAS 74/96 Amendment, LSA and MSC (81)70

Equipment Outfit

A Pack or B Pack (Ships engaged on Short international voyage)

Inflation method

This is a type to hang liferaft at ship side by launching equipment, go in board from ship's deck when inflate and to fall it down on the sea by davit. In case of failure in davit launching equipment, the liferaft is also designed to be inflated automatically in the same way as throw-over Type.

Max Storage Height

The installation height is 18-35m from water surface

Certificate

China Classification Society (CCS)

Certificate of Type Approval

Germanischer Lloyd AG (GL)

EC Type Examination Certificate
